

Andreas Prenneis, Member of the Executive Board

“Our responsibility is to support our customers to reach their goals. The basis for this is the understanding of technical correlations and control of applied technology. Distinctive communication skills as well as a suitable mix of field-tested methods and innovative concepts help our employees introducing those abilities in the customer’s interests.”

Andreas Prenneis (born 1965) is a member of the Executive Board and responsible for the business divisions Health, ITMC, Public Administration, Data and Analytics and Cross Industries. He is also responsible for the participations adesso as a service GmbH, adesso mobile solutions GmbH, adesso Transformer Deutschland GmbH, medgineering GmbH, percision services GmbH, adesso health solutions GmbH und inQven-tures GmbH. In addition, he is responsible for administration and legal affairs.

Andreas Prenneis joins adesso from CompuGroup Medical Germany, where he managed a number of business areas in his role as Area Vice President Telematik & AddOn. Among other things, he was responsible for the eGK ORS1 project, which involved testing the online rollout of its electronic health card. Before he moved to CompuGroup Medical Germany, Prenneis held numerous management positions in the field of health IT over a period of 20 years, including the role of managing director at BITMARCK and LAUERFISCHER.
